

PRESS RELEASE

For immediate release

THE TWO BEST FIRMS IN SCIENTIFIC RESEARCH AND EXPERIMENTAL DEVELOPMENT HAVE UNITED TO BECOME NUMBER ONE IN QUEBEC

DYNAVISION GROUP and SRED GROUP MERGED TO SERVE YOU BETTER

Longueuil, Thursday May 26, 2011 – Romain Gagnon, Eng., President of the new DynaVision/SR&ED Group made this announcement: “DynaVision Group and SR&ED Group, two major players in the field of research and development tax credits have joined forces and become the most important player of this industry in Quebec”.

This opportunity to join the forces of these two growing firms will better serve their many clients by offering more experts and tax credit professionals in all fields of technology.

DYNAVISION/SR&ED GROUP

As industry leader, the DynaVision/SR&ED Group offers a wide range of custom services to its customers: preparation of R&D forms for federal and provincial tax returns, preparation of the scientific and financial claim appendices, defence of claims in the event of audit, and advice on internal SR&ED documentation (log books and timesheets). Every claim is processed by an expert in the field. As a result, a claim that relates to software will be prepared by a software expert and a research claim in chemistry will be prepared by a chemical engineer.

A LARGE SCALE ORGANIZATION

As a result of this merger, the complementary teams at DynaVision and SR&ED will now work in concert to offer their services all over Canada. With a team that is 35 professionals strong, (PhD's, engineers, tax specialists, accountants, etc.) the DynaVision/SR&ED Group aims to continue to offer specialised consulting services in the preparation of claims for scientific research and experimental development tax credits with professionalism and rigor.

Recall that the DynaVision/SR&ED Group is part of a large international organization, Global Approach Consulting, the second leader worldwide in the preparation of claims

for R&D tax credits. In Canada, the DynaVision/SR&ED Group has offices in Montreal, Quebec City and Toronto.

Mr. Romain Gagnon, Eng., President of the The DynaVision/SR&ED Group insists that “In the high-tech sector, one must remain in the forefront in order to establish oneself among the leaders in our industry. The DynaVision/SR&ED Group has become an essential partner for any Quebec business that invests in research and development today”.

Synergis Capital inc., a Montreal based M&A investment banking firm and Canadian partner of Global M&A, acted as exclusive advisor to DynaVision in this transaction.
